Biocompatibility

USP CLASS VI

Permabond Grade	USP CLASS VI	Type
4C10	PASS	ethyl cyanoacrylate
4C20	PASS	ethyl cyanoacrylate
4C30	PASS	ethyl cyanoacrylate
4C40	PASS	ethyl cyanoacrylate

CYTOTOXICITY

Permabond Grade	CYTOTOXICITY	Type
4C10	PASS	ethyl cyanoacrylate
4C20	PASS	ethyl cyanoacrylate
4C30	PASS	ethyl cyanoacrylate
4C40	PASS	ethyl cyanoacrylate
4UV80	PASS	ultra violet light curable
1001	PASS	butyl cyanoacrylate
820	PASS	modified ethyl cyanoacrylate
UV630	PASS	ultra violet light curable

Contact Permabond

Permabond manufactures a large range of products used on all types of medical, surgical and assistive devices.

If your application requires biocompatibility testing of a different Permabond adhesive, please contact us.
